

## Cont. Pet-Friendly Hurricane Evacuation Center (PHEC) Application: Part II

I understand that to gain entrance into the shelter I must reside in one of the mandatory evacuation zones. If my residence changes to an area outside a mandatory evacuation zone, or if I am no longer residing in a home that has been deemed unsafe by Monroe County, I understand that I (and my family and pet(s)) will no longer be eligible for sheltering at the PHEC.

I understand that to gain entrance to the PHEC. I must arrive at the PHEC with all items outlined in this brochure.

My animal(s) are in good health. I understand that even though pre-registered, if my pet(s) is deemed a health or safety risk to any person or animal, entrance will be denied. This includes flea or tick infestation or any active parasitic or fungal infection such as ringworm or mange. I agree to my pet being examined by qualified animal shelter personnel to determine its fitness for entry. I understand and agree that at all times, regardless of compliance with all requirements, Monroe County still retains sole discretion in accepting persons and pets to the PHEC.

My pet(s) will be current on all required vaccinations as noted on the acceptance letter. I will provide proof of all required vaccinations at check-in as well as current rabies tag(s) as required. I understand that failure to provide these items will preclude entrance into the shelter.

I understand and agree that at least one (1) adult family member will reside in the shelter with the pet(s) at all times and that if at any time my pet(s) is(are) left in the shelter without one (1) adult family member that the animal(s) is then considered abandoned.

I understand and agree that if for any reason my animal is left behind, it is thereby considered abandoned and I will be responsible for any and all fees, fines.

I understand and agree that upon entrance to the PHEC access to the animal(s) is limited and will be allowed contingent upon the needs of the animals, staff, or PHEC staff.

I understand that the feeding, replenishing of water, and removal of waste materials from the cage is the responsibility of the adult family member. Immediately

upon request of PHEC staff to report to the animal area, I will do so and perform any feeding, watering, or waste removal necessary.

I understand and agree that this PHEC registration program is not a sheltering contract and that there is no contractual, legal or equitable right to sheltering at the PHEC arising from completion and submission of registration documents or otherwise. I hereby agree to hold harmless all persons, organizations, corporations, or government agencies involved in the care and sheltering of my family, my pet(s) and myself at the PHEC and agree to waive any claim against such persons, organizations, corporations or government agencies involved in the care and sheltering of my family, my pet(s) and myself at the PHEC. I further agree to indemnify any persons or entities, organizations, corporations or government agencies which have suffered any loss, damage, or claim related in any way to the care and sheltering of my animal(s) at the PHEC. I also agree to undertake the defense of any claim against the County or other governmental agencies, organizations, or individuals arising out of the sheltering of a pet at the PHEC.

I have read and agree to all information above.

The Survival of you, your family, and your pets could depend on your personal disaster plan. The best way to protect your family from the effects of a disaster is to have a disaster plan.

In an event of a disaster, if you must evacuate, the most important thing you can do to protect your pets is to evacuate with them. You can also choose to go to a General Public Shelter in the County for Category 1 and 2 Storms. All General Public Shelters have Pet friendly shelters on the premises.

### Pets Accepted at Monroe County Pet-Friendly Shelters (Must Be Properly Caged)

- Dogs
- Cats
- Gerbils, hamsters, Mice & Rats
